HOTEL MANAGER DIES SUDDENLY CHRISTMAS DAY

Waiting on bus passengers at the ticket agency in the King George hotel on Main St. on Christmas day, Richard W. Nelson, 67, collapsed and died of a heart attack.

Proprietor of the hotel since May of 1952, Mr. Nelson was talking to a bus passenger in the lobby of the hotel when he suddenly became ill.

A former member of the Ontario Hydro Commission for 25 years, he is survived by a daughter, Mrs. Arline Link of Island Grove.

FEW ACCIDENTS OVER HOLIDAYS

Despite poor visibility and bad driving conditions, the Newmarket detachment of the provincial police had an almost accident-free Christmas.

In the 48 hours beginning Christmas Eve, only seven minor accidents were reported. No injuries were listed. Wet slush covered some sections of the highways and sidewalks in the northern part of York County and fog came over one district.

Residents of the York County Home for the Aged enjoyed a Christmas season of parties, carol singing and friendliness this year as many organizations helped to make it a happier occasion for the older residents. A group of women residents seen with the superintendent, Phillip Lovick, before the Christmas tree last week are left to right, Miss Jane Heacock, whose home was Kettleby, Mrs. Pearl Kaminska, North York, Mrs. Florence Fincham, Long Branch, Miss Agnes Watson, Lindsay and Miss Helen McDonald, King. Below, the matron, Mrs. Lovick, inspects one of the large turkeys being prepared for Christmas dinner at the home.

Crop Improvement Association Annual Meeting On Jan. 7

During recent years, the York County Crop Improvement Association annual meeting has been one of the largest agricultural meetings held in the county and with the addition of soil improvement, interest in the coming annual will be even greater.

The annual meeting of this association will be held in Newmarket town hall on Wednesday, Jan. 7, commencing at 10.30. About every two years the association has had to move to larger quarters for this meeting and the fifth move last year was to the town hall. The auditorium has just been renovated and will be completed for this meeting, including new chairs.

This association has an enviable reputation for starting on time and there were nearly 200 present last year when the president opened the meeting at 10.30. Besides the usual and popular

quiz period, there will be two guest speakers, to deal with soil culture and crops. Dr. D. N. Huntley of the Field Husbandry Department of the Ontario Agricultural College will discuss the handling of crops with some reference to grain storage problems and corn as a new grain crop.

Stanley Tallman, formerly with the Agricultural Engineering Dept. of one of the agricultural colleges and now field research engineer for one of the largest machinery companies, will discuss his findings in Canada and the United States in the uses of various types of farm machinery.

Arrangements have been made for a free lunch at noon in the auditorium and President Frank Barnes, Schomberg, points out that every farmer is welcome as well as machinery dealers and seed merchants.

Lions Spend \$1,400 On Christmas Baskets

Over \$1,400 worth of groceries, clothing, milk, candy and oranges was purchased by the Newmarket Lions club for Christmas baskets this year. The Lions supplied baskets to 53 families and 142 children received Christmas items through the fund.

There were more to help in 1952 than in 1951. Last year 41 families received help through the Lions, including 91 children. The fund this year was short of its objective. While \$1,400 was spent by the club, \$900 was collected through donations.

The following is a list of contributions which have been made since Dec. 22:

MAY BUILD PLANT IN NEWMARKET FOR LEATHER FINISHES

A new small plant may be built in Newmarket by A. N. Belugin, a well known resident of Newmarket. A letter was received by Newmarket council last week asking for information about available town-owned land on Eagle St., near the Armitage Heights subdivision.

Mr. Belugin said he plans to build a small plant for the manufacture of leather finishing materials. At present he has a small plant in the basement of Hillside Dairy building.

In his letter, Mr. Belugin stated that he could build a plant in other parts of Ontario but for "sentimental reasons" would like to stay in Newmarket. He said that there would be no smoke or solid waste materials produced in the operation of the plant.

Councillor Chas. Boyd, chairman of the industrial committee, said that an American firm which had been considering Newmarket as a location for a new plant had decided to locate at St. Thomas.

Mr. Boyd said the American firm had found a building in St. Thomas close to a railway siding which it found to be suitable. Proximity to an airfield was also given as a reason for locating at St. Thomas.

North Gwill. Reports On 'Sports Day' Finances

On 'Sports Day' Finances

Pre-Christmas week, a meeting was held in Keswick of the North Gwillimbury Sports Day organization, at which time the treasurer, George White, submitted a financial statement on the sports day held on August 23, 1952. The various committees had reports on the results of their own projects and had the successful results capped with a cash balance of \$906.14.

It was decided that 25 percent of the net profit should be held over for future sports days and the balance of \$679.61 has been turned over to the building fund of the North Gwillimbury memorial centre.

July 25, 1953, a Saturday, has been the tentative date set for the next sports day.

50TH ANNIVERSARY

Mr. and Mrs. Walter L. Hall, 19 Timothy St., Newmarket, celebrated their 50th wedding anniversary quietly with their family and relatives on Dec. 24. Friends and neighbors dropped in to offer congratulations and the Hall home was brightened by flowers sent by the Lions club, Sharon Women's Institute, E. Fairley, Mr. and Mrs. Bruce Hunter and the Church of Christ, Pine Orchard.

APPROVE THROUGH STREET

The department of highways has given its approval to Newmarket's plan to make Davis Dr. a "through street". On the recommendation of the chief of police, Main St. traffic will stop at the Davis Dr. intersection.

Decide To Widen Curve At Main, Water Intersection

The contract for Newmarket's Main St. project will go to the Warren Bituminous Paving Co. At a meeting last week, council accepted the Warren company's tender which was the lowest among seven. The company's tender was \$179,295.

Before the contract is awarded, approval must be given by the Toronto and York Roads commission and the provincial department of highways both of which will be paying for part of the cost.

According to the roads committee chairman Charles VanZant, and Town Engineer Denne Bosworth, the plan in mind has been to widen the roadway and cut down on the width of sidewalks in some places. From discussions at the last meeting, it appears that the final decisions on these details are still left open.

The corner at the south end of Main St., the intersection of Main and Water Sts., likely will be widened and improved. The property committee of town council has been given authority to negotiate for the purchase of an old apartment house on the north-west corner. It would be torn down and the street pavement would be rounded into a curve to the west.

Councillor V. R. MacNaughton had suggested at a previous meeting that this building be bought and torn down to make a better corner where most of the traffic comes onto Main St. from Eagle St. and Yonge St. highway. There are one shop, two offices and

private apartments in the building at present.

Mayor Vale urged council to approve of negotiations to purchase. If no satisfactory arrangement could be made with the owners, the Superbest oil company, the building should be expropriated, the mayor said.

"The contract is a unit price contract," Councillor VanZant explained at the last meeting when the Warren Paving Co. tender was accepted. "The cost of the materials is fixed on each unit. We over-estimated on the materials needed so the cost in the end should be below the contract price; unless anything unforeseen should take place where more materials are needed, the price should be well under this figure."

New members of council for 1953 were present at the meeting to hear the tender price by the invitation of the mayor. Present were: Councillors Frank Bowser, Robert McGuire and Edward Wrightman.

Said Councillor McGuire, "Apparently these prices are very flexible."

Mayor Vale replied, "The prices are not flexible but the materials are flexible." He explained that the price would vary according to the amount of materials required for the project. "We will only be paying for what we get," he said.

A representative from a Toronto firm of engineering consultants, a Mr. Keffer, said, "We try to get our figures high rather than too low. They are not much higher but on the higher side."

"The only other type of contract would be to get a firm bid," said Councillor Dales. "I doubt if either of the two firms with the lowest tenders would give a firm bid." The two lowest tenders were submitted by the Warren Bituminous Paving Company, \$179,295, and Kilmer Van Nostrand Ltd., \$181,627.

"You would not get as good a price on that type of contract," said Mr. Keffer. "On the lump sum price, or firm bid, they are going to hit you with a high percentage but on the unit price, you will do better if you put in approximate quantities of materials in the specifications."

"Another advantage to the unit price," said Town Engineer Denne Bosworth, is that it will not cost more if we decide to have narrower pavement and wider sidewalks.

"If you decide on narrower pavement and wider sidewalks, you will save money because it costs less to build sidewalks than to build pavements and base," Mr. Keffer added. He said that the specifications for improving Bathurst St., Toronto, were made along the same lines and that the Toronto and York Roads Commission was satisfied with the results from a unit price contract.

There are several thermometers in town, many private ones and others at public buildings. But, to the knowledge of this local observer, no official thermometer in town records the maximum and minimum temperatures within each 24-hour period.

Following a cold spell it requires the sleuthing ability of Dick Tracy to determine the correct reading for the coldest spot. When newspapers as well as individuals are interested in just how cold it was during the night, it is difficult to find an accurate reading. By a process of locating the person who was asleep at night, the temperature is determined. Needless to say, the reliability of such reports is questioned. Who knows, there may come a night so cold that no one would be out, not even to stick the tip of his nose through the crack in the door to read his own thermometer.

Such searches could be eliminated by the purchase of a thermometer which records the lowest temperature reached during a given period as well as the present temperature. The cost is less than ten dollars. In the interest of local statistics, such an expenditure should be included in council's budget for 1953.

John Flood Elected Aurora Legion Pres.

Officers of the Aurora branch Canadian Legion, No. 385, were elected for 1953 on Wednesday evening, with John E. Flood, a member of the branch since 1947 and a veteran of both World Wars elected as president.

Installation will be held on Wednesday, Jan. 14, with Provincial President T. A. M. Hulse in charge. The same night, Mrs. Margaret Richardson, Toronto, president of the Provincial Command, Canadian Legion Auxiliary, will install the officers of the Aurora Ladies Auxiliary.

Officers of the Aurora Branch elected were: J. E. Flood; First Vice-Pres., Gordon Seaton; Second Vice-Pres., Norman Bretz; Past President, Norman Egerton; Secretary, Robert Hodgkinson; Treasurer, William Duckenfield; Sgt.-At-Arms, Albert Donliffe; Executive, Douglas Richardson, D. B. Goodman, Joseph Smith, Frank Hill and R. D. "Brick" Heaton.

Whit. Conservation Club Holds First Target Match

Whitchurch Conservation club held a successful target shooting match on Saturday, Dec. 27, at the club property on the Aurora road, east of Vandevoort. The match was for marksmen using .22 calibre rifles. Because of severe weather conditions, many were unable to attend but the scores by some contestants proved that there are some good young marksmen in this vicinity.

In the ladies' class, Mrs. Michael van Nostrand and Mrs. E. L. McCarron battled for first and second prize. Mrs. van Nostrand winning with a score of 93.

In the open class, over 18 years of age, Peter van Nostrand won first place with a score of 97 points; Neil van Nostrand placed second with 95 points.

Stuart Wilson, Aurora, scored 97 points in the class for boys 14 to 18 years of age.

In the junior class, Bobby Hillary, Eugene McCarron and Billy Richardson competed. Billy Richardson won first place, scoring 83 points and Eugene McCarron second with 66 points.

The winners of first place in the boys' class were shot out for a prize which was won by Bobby Hillary.

DONALD COCK MADE CABINET MEMBER OF BOYS' PARLIAMENT

Donald Cock, son of Dr. and Mrs. J. G. Cock, Newmarket, was recently appointed cabinet member to the Ontario Older Boys' Parliament and is attending the sessions at Whitby Dec. 26 to Dec. 31.

Donald has been interested in camp work, being on the staff of camp Ahshunyoong, Duclous Point. His appointment to the cabinet was a result of interest and efforts in the North York Boys' Work Board. In the year 1952 there have been full camps and an excellent staff, the best since the camp was started.

Chairman Elgin Evans has expressed appreciation to all persons who gave their time, contributions and furniture for the comfort of the boys and girls and staff of the camp.

DIES IN HER 101ST YEAR

Funeral services for Mrs. Mary Quibell, a native of Mount Albert, who passed her 100th birthday last March, were held in Mount Albert Tuesday last week. Mrs. Quibell died at a rest home in Gormley the previous Saturday. Surviving is a son, Everton, who lives on the old family farm in Scott township. He is the only surviving member of her family.

a bill fold and a beautiful bone china cup and saucer. The second prizes were pens and a two pound box of chocolates, and the grand prize was a large model camera.

Helpful Organizations, And Individuals Make Happiest Yule For Aged

A record number of concerts, parties and Christmas treats have been given this season at the York County home, Eagle and Yonge Sts., Newmarket. Some of the older residents of the home have had their happiest Christmas in years.

While some residents received invitations to private homes of friends or relatives, the others enjoyed the finest of Christmas dinners with turkey and all the trimmings.

The new superintendent of the County home, Mr. Phillip Lovick, a native of Aurora, and the matron, Mrs. Lovick, say that church groups and other organizations have been very generous and their interest in the home has given much happiness to the residents.

"We want people to know that they are welcome to come to the home. Some organizations have not been aware that their help is gladly accepted here. We want them to know that there is much that can be done to help the residents," said Mr. Lovick.

Christmas concerts were presented at the home by the Christian Baptist church, Newmarket, and the Aurora Baptist church this year. Other clubs include a group from Gormley which came to present a carol service on Christmas Eve.

The Concordia Club of the Can-

ada Life company, Toronto, presented a carol service and brought boxes of gifts. Cousin's Dairy supplied ice cream for the Christmas dinner. The Armitage school invited 10 residents to its Christmas concert.

Other groups and individuals who sent Christmas gifts, parcels of food or who visited the home included the Newmarket Red Cross, Maple W.I., the Salvation Army, Mrs. J. H. Crang, the Elizabeth Arden Salon at Simpson's, the scouts, guides, brownies and clubs of Hinchvale, Eversley Presbyterian church and the Gormley W.I.

The ladies and gentlemen all have their meals together in the large bright dining room now. They also gather to read, chat or watch television in a common lounge room. Until recently, men and women were kept in separate parts of the building.

While many improvements have been made at the present building, residents and staff will be looking forward to moving into the new county home which will be built on Eagle St., Newmarket.

Slim Bliggins has been contemplating the moon.

"It says in an article I read that some of these rocket experts think we will be able to get to the moon before long," Slim said the other day. "I think I would like to go to the moon," he mused.

"I can't see any benefit getting to the moon would be," I said. "What would you do when you got there? They say it's just a barren, dry sphere."

Slim had been reading about the "big eye," the 200-inch Hale telescope at the Palomar Observatory in California. The spirit of adventure in Bliggins had been stirred by pictures of the moon's surface with towering peaks, as high as Everest and deep, dark pits and valleys.

"We have been lookin' at the moon for thousands of years; I would just like to get there for once to turn around and take a look back," Slim said.

"Well, I still can't see any point in getting to the moon. Anyway not all of these experts agree," I pointed out. "Some of them say that with the type of fuel we have now, you would need a rocket ship the size of the Queen Mary to get out of the gravitational pull of the Earth. I think anyone who wants to go to the moon is an escapist."

"Escapist!" cried Slim. "You just ain't got the spirit of adventure. What sort of a world would this be if Columbus had listened to what some of the people said? We would still

be a half a world. No sir, I foresee a lunar adventure before long!"

"There is something cold and awful about it. I don't like it. It has a sinister significance. Maybe you would turn into a lunatic if you went to the moon, or a pillar of green cheese."

"Lunatics ain't really affected by the moon. That's an old belief," Slim said.

"I would like to be the first to explore the crater, Clavius," he continued, "or raise the flag on some remote knoll in Blencanus. I would be a great explorer. Instead of bein' called the discoverer of Antarctica, like Byrd or like Lawrence of Arabia or Kitchener of Khartoum or somethin', I would be Bliggins of the Moon."

"Or the Bat Man," I added.

"Scoff as you might, it will be us leaders of discovery that will get our names in the scientific journals and reports and into the history books. The next moon excursion which comes along, I will be first in the ranks of the volunteers," Slim solemnly swore.

"I would be sorry if you got lost on the eyebrow of the man in the moon or Clavius, as you call it," I said. "On the face of it, you wouldn't have a chance of survival. I warn against it. Give up this insane idea of yours. Come back down to earth again."

But Bliggins will have it that he is moon-bound. Maybe he will recover in the New Year.

WEDNESDAY, THE THIRTY-FIRST DAY OF DECEMBER, NINETEEN HUNDRED AND FIFTY-TWO

WE INHERITED IT

There were no thoughts about the motor car when the town fathers of Newmarket saw Main Street growing up in the horse and buggy days. Today residents of Newmarket appreciate the out-of-town motorist's terror in meeting an oncoming vehicle as he squeezes between two rows of parked cars on narrow Main St. hill. Newmarket motorists have become adept at easing through tight spots at noon or five p.m. They just take a deep breath and press through or patiently wait until a trucker moves his van and releases the flow of traffic. We are old hands at the Main St. run but what must it be like for a stranger?

The pedestrians have their troubles too. Who has not been delayed on the narrow sidewalks by a traffic-jam of baby carriages on a Thursday or Friday afternoon, the day after pay-day for many housewives in Newmarket? And anyone who is wheeling a set of twins downtown must have a more difficult time of it. A rushing pedestrian is bound to hit either a fellow pedestrian, a parking meter or a baby carriage if he is not careful enough.

Citizens of Newmarket have accepted Main St. It is just part of our old town. Merchants are happy as long as it is crowded and some say that its narrowness is an advantage. A narrow street always looks crowded and crowds attract more people, some say. The greatest complaint, however, is the shortage of parking space. Even though three municipal parking lots are provided off the back streets, it is still difficult to find an opening on a Saturday night.

Every bit of space counts on our Main St. Members of council, the town engineer and an engineering consultant have studied Main St. and the new "face lifting" project to start next spring will make use of every inch of space which has hitherto been wasted.

The general indication from present plans is that there will be a slight gain by motorists in wider pavement and a slight loss to pedestrians in narrower sidewalks. However what might normally be a slight loss in other streets, may be a terrible mistake on Main St., Newmarket. How do we know that the officials have not measured the wheelbase or width of the average baby carriage. Would it not be a blunder if, on the project's completion, it were discovered that two baby carriages could not pass without colliding in some sections of the street?

Some businessmen on Main St. and armchair engineers have indicated disapproval of cutting down on the width of sidewalks. After all, they say, we can't do business if people can't walk past our windows with ease. Others, the modernists, say that after all, it is certainly the age of the motor car and it should be given preference. There is much to contemplate in this Main St. problem. Council previously indicated that it would call a meeting of all the merchants of Main St. and discuss the proceedings and plans.

To date, there has been no further mention of an open meeting for public discussion. There would be countless numbers of opinions on the subject and in the end, the experts' advice would have to be followed but such a meeting would be worth while. Businessmen and property owners could air their views and complaints. It would be better to hear the complaints about plans before the work is done rather than afterwards and council would be able to argue that everyone had a chance to say his piece.

BETTER AT HOME

A district resident told about his experiences of shopping for a necktie in the downtown area of Toronto since Christmas. He related how it took him a good half hour to find a place to park. Then he had to walk a considerable distance to a department store.

It took a good deal of time to locate the department where he wanted to make his purchase and on arrival, he waited 15 minutes for a clerk to appear and wait on him. "The Christmas rush was over and I still wasted valuable time just trying to buy a tie. It's a lot less trouble shopping in Newmarket."

We actually heard these words with our own ears. It should be an encouragement to the businessmen in Newmarket. Most of them do believe that it is easier to buy at home and the wear and tear and waste of time is far less in spite of a narrow Main St. The housewives and other consumers are learning too that for most items, nothing is gained by travelling to the city.

If reports of the increased volume of business on Main St. these past few months are true, the preference for shopping at hometown stores has something to do with it.

THE YEAR AHEAD

As Canadian business stands at the end of a year, an over-shoulder glance shows 1952 to have been a lot more prosperous than many had dared to expect, the Financial Post says.

The past 12 months have been the most prosperous in our history. Of course, there have been a few weak spots. But the total value of the country's production of goods and services has topped all previous records. Labor income, retail sales, total investment—all—are the highest ever.

What has this meant, these years of prosperity? Today, despite high prices and high taxes, there is 60% more for each Canadian to spend or save as he pleases than there was in 1939. That's in real terms, taking into account higher prices.

Always, however, the question comes: How long will the prosperity—the "ever-getting-bigger"—last? The year now gone has proved a lot of things which should instill confidence for the future:

The heaviest buying spree on record was induced, not by any panic, but by the desire of Canadians to enjoy the comforts of life, and the availability of the money (and the credit) with which to buy them. They jammed the stores, not from fear of war or threat of scarcities, but by their own free wills, their desires for goods and the sound of cash jingling in their pockets.

Demand and supply came more into line. Generally speaking, prices stopped rising. Many dropped.

More competition at home and abroad forced more efficiency and that trend is likely to accelerate in the months ahead. The high priced Canadian dollar made competition in foreign markets particularly severe.

The level of investment in 1953 will likely be as high as in 1952. But there will be shifts within the totals. Some industries have about completed their expansion plans for the present. And no one knows what will come in the years after next.

Defence spending, though high, will be shifting its emphasis. Lower agricultural prices have affected farm buying.

Canada has a lot of foreign trade eggs in the U.S. basket. At the same time, we have a vital stake in our exports to soft money countries. We always must ask, will they continue to buy?

On balance, however, there's a solid floor of prosperity ahead for Canada in 1953. Prices generally are not likely to move very much either way. The food dollar should buy a little more. Some commodities are in for declines as new capacity comes into operation. A few prices will rise. But nothing properly called recession is in the picture as of now.

All this assumes, of course, that our friends to the south do not talk themselves into psychopathic troubles.

We look back on a year of great material progress. And we look ahead to another one. May the same be said for the progress of Canadians in the nonmaterial ways of increased understanding, more human kindness and real success in the real business of living, which cannot be measured in terms of dollars or statistics.

NOT FOR US, THANKS

We are heartily in agreement with the Financial Post which has spurned the new U.S. McCarran immigration act which limits potential new citizens to the country. The Post says that one American product that Canada would be wise neither to import or imitate is the McCarran act which went into effect this week. From almost every angle it is an example to avoid.

It is one of the bulkiest bills ever to come before Congress. Nearly 250 pages of small type, or the equivalent of a fat novel, are required to print the law and the rules. That fact in itself means the act will be full of confusion for officialdom and immigrants alike. President Truman vetoed the bill and both presidential candidates in the last election promised to make changes in it. But in the meantime it is the law.

While lawyers are still trying to interpret many confusing details, one thing is certain. This bill finally and completely reverses American traditional immigration policy. It puts a wall all around the United States. From now on entrance will be by invitation only.

Virtually all classes and quotas of immigrants must now be sponsored by American relatives or potential employers, and in the latter case there must also be proof that similar labor or talent is not already available in the United States. That means the end of the natural flow of people from the over-crowded continent of Europe to the "land of the free."

Whether or not the great United States can afford to spurn new strength from new peoples, we leave to its legislators. For Canada, such a restrictive policy would be folly.

Pages from the Editor's Notebook

As the new year approaches, we keep thinking of the fact that 1953 will be the beginning of the second century in the existence of the Era and Express in Newmarket.

The year 1952 marked the centenary anniversary of the paper. We recall that this fact was mentioned in a news story and editorial early in the year but there was no "spread" about it, no special centenary issue of the paper.

There have been a number of well known editors since that time and on contemplating the century-old tradition of the Era and Express, we, a veteran of only three months service at the desk, at times have a feeling, slightly less than trepidation at the approach of 1953. What will it have in store for us?

But as we have said before, the Era and Express has given 100 years of continuous service and any editor who has average ability and the desire to improve his newspaper and give greater service to the community cannot go too far wrong. It would take a poor editor to weaken the position of the newspaper in the community.

Remembering that the news-

paper which receives good service from its editor, will serve the community well, we take this attitude in our approach to the new year. We do not treat this responsibility lightly. If we did treat it lightly, we would be getting more rest than we have been getting these past three months.

New Year's is the time when we all square our shoulders, take a good look into the future and decide that we will do better than we have done in the past. We become very humble. We recollect the mistakes we have made in the past and promise ourselves that we will avoid them in the future. Through experience, we know that we will have the opportunity of recognizing the dangers of mistakes in advance.

To all our friends who have helped us in these first months of work at the editorial desk, we extend thanks. To columnists, contributors, correspondents and all the people who help to put out this paper, we say we are sorry for any accidental injustices done them in our new position. We look forward to their continued association in the new year.

To all our readers, we wish a Happy New Year.

The Top Six Inches by "Dairy Farmer"

This is to wish you all a Happy New Year. Of course this is easy to say and it gives everybody an opportunity to read into the meaning of the word happy to suit his or her convenience. But just what we really mean by a Happy New Year, isn't so easy to define.

Personally, top on the list for happiness is health for our family and friends and all of us, health to do what we should do and health to enjoy all the things in our life and job that are there to enjoy.

Then next to this we would put the ability to enjoy things when they are there to enjoy, to get a lift out of our association with others, to look at the bright side of things and the good that is in everybody, so that we can appreciate it and forget and overlook and forgive that which isn't so good.

We would put material success in third place, because it will not make anybody happy unless the other two assets are present. Undoubtedly we will be all concerned with what the New Year will bring us. We all know that material success in farming will be harder to come by and harder to earn. More hours of labor will have to go into each milk cheque and more pigs will have to be sold for the same return. But even this problem isn't altogether hopeless if we organize and stick together and thus make our presence felt where our voice will count most.

The new year should bring a new and better organized effort in this direction. Last year it took a long time to recover from the blow that struck us. The real effects hadn't started to sink in until the end of the year, when cattle started to come off the pasture and the fall milk flow showed the results of the lack of export. We suspect, while looking at the full stables and the larger number of cattle in general that the darkest hour is yet to come and it will not be so much worse yet before it improves.

By keeping our head and doing some culling and sacrificing, we will come through it all, that is, if the leadership of our farm organizations will do some hard thinking and if we take the trouble and effort to make our views and position known to the general public.

We will have to make it clear to the consumer that the present improvement in their food budget is due alone to the sacrifice of one group, the farmer, and that the farmer doesn't or hasn't as yet received anything in return for it.

We will have to tell the governments concerned, both federal and provincial that if they attempt to place the entire load for prosperity on the shoulder of the farmer, it will cost them more and the nation too, in erosion, depletion of the soil in years and generations to come. Thus the temporary relief to the worker will turn into a short lived affair with years of hangover to follow.

Finally, through our organizations, we will have to warn the more levelheaded leaders of industry and labor that unless they are willing to take some of the load from the farmers' shoulders, their present prosperity will turn into something resembling the thirties.

Yes, 1953 can be and will be a good year for a lot of us, if we are all willing to contribute to it.

We will also resolve to never lose our temper at meetings anymore and to count ten before talking, to pat everybody on the back before taking an aim at the seat of their pants, to cut the lawn before it gets too long and take out the ashes before the furnace gets too full, to put up the storm windows in good time and take them off when requested and to write our column in time. (Editor, please note.)

Happy New Year to all, again. It is a year that doesn't look too easy from this distance. But neither is it hopeless and in the final reckoning it will be just about what our own wish and good judgment will make it.

HANDING OVER BATTALION AT HANOVER

Following a full unit inspection and march-past by the 1st Canadian Highland Battalion in their colorful kilts at Hanover, Germany, Lt.-Col. R. L. Rutherford, OBE, right, of Winnipeg, is seen handing over command of the battalion to Lt.-Col. H. A. Parker of Toronto, left. The ceremony took place on the snow-covered parade square at Chatham barracks.

The state is the servant, not the master, of the people; the state is their guarantee against infringement on their rights, their agent in international and national issues; it is not the function of the state to assume the direction of those activities which rest on individual choice.

BELIEVED TO HOLD WORLD WHEAT RECORD

The Turrell brothers, John, George and William, of Wiganhall, St. Mary, Eng., are believed to have smashed the world record for wheat growing on their farm in Norfolk and as a result will be visiting the U.S. next spring to explain to American farmers how they produced 131.7 bushels of wheat an acre this autumn. John Turrell, spokesman for the brothers, was surprised and candid about the record yield: "Of course, it is possible to do anything again," he said, "but nobody knows when." He credited fertile soil, strong-stemmed wheat, good luck with the weather and good farming as contributing factors. Above George and brother William are seen examining some of the grain produced on their farm.

Brief Summary Of Council Events During Year 1952; Important Work Underway

For volume of business transacted, a substantial amount of which will be of benefit to the town of Aurora in years to come, the record of the 1952 council will successfully compete with any of its predecessors. Not only so, but undertakings have gotten underway which exceed in value the work of previous councils, notably the Yonge St. widening project.

The first regular meeting of the 1952 council was held on Monday evening, Jan. 7. Some very important business was carried out at that first meeting, among which was a delegation from the Board of Trade, led by Mr. Ross Linton, requesting the rescinding of by-law 1101, which had been passed by the 1951 council. This was the 55 feet set-back on Yonge St. The by-law was rescinded by council and its decision was later approved by the Municipal Board. The same delegation raised the question of the impending departure of the provincial police from their headquarters at the town hall. In spite of efforts made to retain the provincial police in Aurora, it was found that proposals for new headquarters had then gone too far to be withdrawn.

In the same month Mr. R. H. Corner presented to council a number of suggestions for town beautification. The outcome of the discussion was the creation of a Parks board which subsequently carried out very valuable work for the town. New Reservoir, Yonge St.

In February Dr. Henderson, chairman of the public school board, made representations for an additional grant of \$35,000 for alterations to the old high school. The request produced considerable discussion but later council approved the additional grant.

The appointment of an assessor was brought up at the first March meeting of council, and eventually this was given to Mr. George Wilkinson, to succeed Mr. E. A. Good.

Planning board expenditures came up for discussion at the April 7 meeting of council, arising out of which the sum of \$800 was budgeted for the year 1953.

Representations from the Board of Trade for an increase in the water supply in Aurora were made to council in May. In the same month first proposals were made to council for the construction of a wading pool. The wading pool project was later abandoned.

In June plans were authorized for a new trunk sewer from Aurora on Wellington St. to Lepper (Millview Road) street. In the same month the widening of Yonge St. was discussed, resulting in an interview with the deputy-minister of highways by Councillor Murray, who on July 7 reported to council that he and the town foreman had interviewed the minister, whose cooperation had been assured then.

At the same meeting the fire and water committee, under the chairmanship of Councillor Jones, got underway towards the construction of the new reservoir. Arrangements were later confirmed, and the new much-needed project for increased water supply for the town of Aurora redounds to the credit of Mr. Jones and his committee.

Arena, Zoning By-Law
At this meeting also Mayor Rose raised the question of what was to be done about the report of the joint committee appointed by council and the arena commissions. He said that the report should be tabled and presented to the press without his signature or the motion of recorded vote taken at the meeting of June 6, 1952, should be rescinded.

"A HAPPY NEW YEAR"

There is something wonderfully uplifting in the words, "A Happy New Year". In one way or another, almost all human beings are in search of happiness. We say "almost all", since it is seldom wise to be too positive about anything. We have heard it said that there are the exceptional human beings who are not happy unless they are miserable.

There are people who are prone to magnify the molehill and minimize the mountain. By nature and habit they are alarmists. At the slightest symptom of indisposition they phone for the doctor. They do not ponder on what they ate yesterday which might explain why they have stomach-ache today. They substitute imagination in place of reason, and are victimized by every passing mood.

The majority of normal human beings seek happiness as their primary objective in life. The search is multitudinous in its variety and beyond the power of human classification. Each seeks it in his and her own way. Some fools seek it through too much drink and die prematurely of burnt-out bellies. Others again seek it through a denial of nature's needs, in order to keep thin. They, too, often die early of voluntary starvation, certified under another name.

Normal human beings want happiness above all else. The happily married man wants to see his wife happy and if he has a family he wants happiness for them too. Each year will be better than the one that has gone before. "Hope springs eternal in the human breast." New plans are made. New fields of endeavor are mapped out. The old year is diagnosed for its faults. The new year is welcomed for its promise.

The world is composed of normal human beings. That is why we get along as successfully as we do. In all sincerity we wish our readers and our friends a Very Happy New Year.

SPARROW ON THE WINDOW-SILL

While we wrote the foregoing article, "A Happy New Year," a sparrow flew down and sat on the window-sill. God knows he looked hungry and shrivelled. There was no chirp left in him. He pecked around on the bare ledge, seeking what he could not find. The day of his summer's pride had gone and new he was alone and fending for himself. We pitied his barren plight.

God made the simple sparrow. Why, no one can say! Far removed as he is from the design in which humans are fashioned, he yet shares two major needs with them. Perennial clothing he carries around with him. But he needs food and shelter. Shelter he can find in the eavestroughs. But what about food? When the snow covers the earth and frost congeals it, what can he do for survival?

In the summertime the sparrow asserts his self-importance. Like humans, he is torn with the emotions of love. Often he fights bloody duels to secure his mate. When he has found her, he protects her. Together they build a beautiful nest for their offspring. These they raise with loving care. The sparrow does not divorce his wife. He has taken her for better or for worse. He sticks by his bargain.

In the summertime he chirps around so that all may hear him. He is a proud, often an arrogant, fellow. Devoid of song, without it, seems, a note of music inside him, he cuts capers quite out of proportion with his limited gifts. He is often as noisy as a frustrated politician. While it lasts, he has a gay time, thinking not of the morrow!

"The morrow is here! The summer has gone. The snow is on the ground and it is sealed with frost. He is alone. He is hungry. There is no chirp left in him. He cannot ask for food. He must wait on human compassion. God made him, the simple sparrow. We must throw him a handful of crumbs.

"RING OUT THE FALSE"

"Ring out the old, ring in the new; ring out the false, ring in the true; ring in the thousand years of peace," wrote Tennyson, poet laureate during the reign of Queen Victoria. In this famous poem, "Locksley Hall," he even conceived of the "parliament of man and the federation of the world." Ironically enough, two world wars and the threat of a third, have shattered his sentimental imaginings.

Lord Tennyson was not a prating pacifist. He was no moonstruck versifier. He was a philosopher and a logician as well as a poet of the highest genius. When he thought in terms of a world federated in the cause of peace he was in tune with the wisest men in all ages. Peace is what the world has always needed. Not the peace of servitude, but the peace of freedom.

What are the chances for peace in the year 1953? The little people, among whom we are one, cannot answer that question. Nor, it seems, can the big people, since their views are contradictory. The best they can say, it seems, is that the chances for peace are no worse at the beginning of the new year than they were at the beginning of the old. Subject always to the strict reservation that visibility in world affairs is extremely poor.

So we must continue to live in a world vibrating with tensions. Gifted as we are in our modern world, with a wealth of scientific discovery that could make our earth a paradise for living, we are denied the peace that could ensure it. But if we continue to think in terms of peace, rather than of war, we shall not be ruling out the possibility of its permanent fulfillment.

WHAT THEY ARE SAYING

Old Custom Of 'First Foot' Still Survives In England: Aurora Firm's Dinner Meet

New Year celebrations are carried out on a considerable scale in Scotland and in the English northern counties, where the Christmas holiday is short. In the southern half of England Christmas is the chief festival; but in northern England the custom is entirely different.

The old custom of first-footing is hardly known in southern England, but in the northern counties it is so much a part of the season's ritual that it would not be New Year's without it. The belief in first-footing stems from a belief in omens of good and bad fortune, in luck and in superstition. Belief in symbolism is a powerful inheritance shared by the Scots and their neighbors south of the Tweed.

It is not a sign of high intelligence to sneer at superstition and its symbols. In this connection it is well to recall that "there is more in heaven and earth than is dreamed of in your philosophy, Horatio," as Shakespeare expressed it.

"First-Footing"
When the custom of first-footing began, or by whom it was introduced, is outside the records. But its origin is ancient. It is often carefully planned among friends and neighbors. In brief it means that the first person to cross one's threshold after the stroke of midnight on December 31 is a first-foot.

It is important that one's first visitor in the New Year should carry some semblance of good luck for the whole 12 months to come. That first visitor must therefore be carefully selected. While it has been claimed, and a book written in proof of it, that "gentlemen prefer blondes," such a claim is far from the truth as far as homes in northern England are concerned. Brunettes, not blondes, are preferred!

First-footers are always men. A woman as a first-footer would be unacceptable, no matter what her distinctions might amount to. The ideal first-footer is a dark-haired man. Immediately after the stroke of midnight on the last day of the old year, he knocks on the door of a friend's home, enters and wishes everyone a "Happy New Year". As an omen of good luck he often carries into the home a small bucketful of coal. When this has been deposited he accepts the hospitality of his host and drinks to the health of the company.

A popular first-footer will make many calls between the midnight hour and the crack of dawn. He is the vocal messenger of goodwill and good fortune for the New Year. He is chosen for his gifts of affability and convivial qualities and his capacity to maintain a perpetual posture under the increasing strain of copious draughts of good liquor. Without such varied talents the first-footer might easily leave behind him an atmosphere of depression rather than one of joviality and a promise of good fortune.

New Year's in Scotland and in the north of England is the real festival season of the whole 12 months. Stores are often closed for several days with a succession of friendly exchanges and the convivial tempo running high.

In southern England little notice is taken of New Year's. The real festival is that of Christmas, as in Canada.

Staff Dinner
A very successful event took place at the Oak Ridge Inn on Friday night, Dec. 19, when Mr. and Mrs. Gordon Duckworth, of the Aurora Automotive, entertained their staff and their wives to a turkey dinner. The guests numbered 25.

Following the dinner gifts were presented by Mr. and Mrs. Duckworth to the wives of the staff and also a substantial Christmas gift to each employee. Entertainment was provided in the form of card games and also a showing of colored slides of the Lions convention at Mexico in the present year, which Mr. and Mrs. Duckworth attended.

Among those present at the above dinner on Friday night were the following: Mr. and Mrs. Roy Webber, Toronto; Mr. and Mrs. George Fish, Aurora; Mr. H. M. McKenzie, Aurora; and Mr. and Mrs. Lorne Wyant, Stayner. By a happy coincidence Mr. Wyant was celebrating a birthday on Friday, Dec. 19, and he was presented with a gift to mark the occasion.

Mr. Gordon Duckworth reports that his firm has enjoyed a very successful year.

The first, modern, wholly-owned railway trailer on flats service to be introduced in Canada was inaugurated by Canadian National Railways recently between Montreal and Toronto. In the new service freight will be picked up and delivered in cities by trailers which will be transported on flat cars in fast freight train service between cities. As it proves acceptable to shippers, it will be extended to other sections of the country. Photo shows one of the trailers loaded for the opening of the service being inspected by John Pullen, traffic vice-president, Donald Gordon, president of the system, and S. F. Dingle, operating vice-president.

OBITUARY

Archie Dike

Archie Dike, Queensville, passed away suddenly at York County hospital on Dec. 3. He was born at Uxbridge in 1880, the son of the late Mr. and Mrs. Cornelius Dike. He married Daisy J. Reeves in 1906.

At the time of his death, Mr. Dike was a miller, having farmed previously until 1918. He was a member and elder of Hope church and belonged to the Masonic Lodge No. 97. His chief interests were his home and sports, having been secretary of Lake Simcoe Softball league for 20 years.

Surviving are one daughter (Elva Grace) Mrs. Lorne Ganton; two brothers, Newton, Newmarket and Oliver, Fenelon Falls; three sisters (Lucy), Mrs. J. W. Widdifield, Newmarket; (Zella), Mrs. G. H. West, Bogartown; Annie, Newmarket; two grandchildren, Donald Lorne and Jeanne Ganton, Queensville. The funeral service was conducted by Rev. E. V. Warren, in the chapel at Mount Albert. Pallbearers were George Banker, Howard Pegg, Joseph Gibson, Angus Morton, M. L. Pegg and Stewart Stickwood. Interment was at Queensville cemetery.

SEWAGE SYSTEMS CAN BE
CHEMICALLY CLEANED

It is now possible through the use of chemistry to have trouble-free systems even for the most humble dwelling. Septic tanks and cesspools can be chemically cleaned; choked drains quickly relieved; tile beds freed of grease and sludge; sump pits, kitchen waste lines, laundry drainage freed of soap and grease accumulation. All of this can be done merely by discharging chemicals through the plumbing lines. We have been successful in merging different chemicals which have given amazing results in the field of sewage disposal. Heretofore, it was necessary to open the septic tank and dig it out with shovels or pails in a manner most revolting. By chemistry, we can take any organic sludge and liquefy it; eliminate grease and fats; clean a tile bed of sludge and even tree roots; generally disinfect and eliminate the odour from foul sewage overflows in soil or swamp or low land and open ditches.

These chemicals formerly were imported from foreign countries and were consequently very expensive, but we have now been able to secure such raw materials in Canada and we can supply these to the public. Your disposal system will be kept in good running order by merely applying about one pound of chemical a month into your drainage system. Of course, if the system is blocked, it is necessary that a thorough cleaning job be done first and we have chemicals for this purpose also. If you have no apparent trouble, you should add Anaerobic Booster every month, which will neutralize and deodorize—and keep your system trouble-free. TOWN & COUNTRY products have been designed to keep your private sewage system in top working order and you have our full assurance that when used according to directions they will do all that we claim.

Although Great Lakes navigation officially closed several weeks ago, freighters took advantage of the mild weather to make fast runs from Port Arthur and Fort William to other Great Lakes Ports. Here at Fort William, the freighter Hochelaga is loaded with grain for transportation to Midland, Ont., on Georgian Bay. Great Lakes sailors say this season has been the most clement in 60 years.

Up until Dec. 11, the official closing day for Great Lakes navigation, 218,000,000 bushels of grain were handled at Port William elevators, and poured into the holds of waiting freighters. During the same period last year the total was 183,000,000 bushels. Even at that, freighter captains have to scurry from one elevator to another to get a full load of grain.

**SUTTON SCHOOLS
PRESENT CONCERT
OF SKITS, SONGS**

Sutton Public school's Christmas concerts took place on Thursday and Friday evenings, Dec. 18 and 19, at eight o'clock. The school auditorium was well filled each night and the pupils from

kindergarten to eighth grade twinkled, as stars, in their respective roles.

With all music under the supervision of capable Mrs. R. A. Cowieson, the different rooms presented their offerings. The kindergarten class of Mrs. Evans had a rhythm band following the "welcome song" by Mrs. Glover's class.

Miss Latimer's grade one pupils sang "Oh! What a Merry Christmas" and the other grade one class, tutored by Miss Keir, "The Merry Little Elf". A laugh-packed skit by Miss Sinclair's pupils, called "Punkinville School Christmas Concert," and "emceed" by Gerry Andrews, was particularly well done as was the "Pantomime of Sutton," by Mr. Grant's grade six and the skit "Heck Says It," by Mr. Day's grade eight. Miss Hodgkinson's class sang an action song, "Temptation".

The junior and senior choirs were well rehearsed and well enjoyed. A choral reading of the "Night Before Christmas," by Miss Sinclair's grade brought the program to a close.

Friday evening, Dec. 19, a dance was held in the high school auditorium, sponsored by the Sutton high school student council. It climaxed an exam-packed week for the students. The orchestra of Alex Williamson provided the music for the old time and modern dancing and the affair was a success, financially as well as socially.

NATIVITY PLAY, KESWICK
Members of Christ church, Roche's Point, presented the Nativity play at the Keswick memorial centre hall on Sunday evening, Dec. 14. A capacity crowd was in attendance and the play was well directed by Miss Frances Arthur, who took the part of Mary.

The cantors were Brian Genge, Jimmie Chalmers and Stanley Arnold and they were backed by a choir comprised of Helen Curtis, Betty and Donna McTaggart, Yvonne Mitchell, Joan Seaman and Margaret Hayes.

The impressive religious presentation by the church members took place again Sunday evening, Dec. 21, in Christ church. Rev. A. J. Arthur was narrator at both the occasions.

Mr. and Mrs. Stan Allen, Appleton and their sons, Bobby and Roy, spent Christmas with Mr. and Mrs. J. W. Hudson.

Our readers write

Letters to the editor are always welcome but the names of the writers must be known to the editor.

The Editor: After reading in a recent issue of the Era and Express the comments made by one of your regular correspondents who writes "The Top Six Inches", I felt it my duty to write you regarding some of the extravagant statements made by him about our farm organizations in York County.

This is the second time in one year that he has seen fit to indulge in destructive criticism of York County farm organizations. I would like to remind him that indulging in destructive criticism, and not offering any workable solution, is in very bad taste and the public as a whole very seldom accepts it.

I would like to remind him also that York County is fast becoming a county where we have possibly too many such farms as he operates for the good of farm organizations such as the Federation of Agriculture.

I would also like to draw to your correspondent's attention the fact that we have in the Province of Ontario a very active Federation of Agriculture. If he had attended any one of the annual meetings held during the month of January of our provincial organization, he would have known a little more about the organization that he so strenuously likes to tear apart.

In our own county our federation organization is steadily growing. Of the seven townships north of Steele's Ave. four are organized and have their own active federations. Three of these townships are supporting their federations financially by a direct levy on the farmers in their townships. The other rural townships each give a grant to the federation. I could go on and mention other advances in our organization that show a steady growth in our county over the past few years. Your correspondent does not seem to like our rate of growth. Let me remind him that Rome was not built in a day.

Also to the farmers in York County who might have read last week's article and who are now reading this, I would like to point out that I do not think our Federation of Agriculture is near perfect. We have come a long way over the past few years and it is with your further and added support, both morally and financially that our future depends.

Yours truly,
Frank Marritt,
Vice President,
York County Federation of Agriculture.

Miss Eva Gilroy and Mrs. A. Gilroy are spending Christmas at Mr. Russell Gilroy's in Oakville.

We had a light fall of snow for the Christmas season and still fairly mild weather.

The Christian church enjoyed a fine Christmas service on Sunday morning with a good attendance and special Christmas music.

Warble-Fly Control for Whitchurch Township

The most popular method of control is spray for beef cattle and brush treatment for dairy cattle. The pressure equipment used for spraying weeds can be used for spraying cattle. There are two treatments required each year the first, April 1st to 18th; the second May 1st to 31st. There must be two thirds of the cattle owners in each municipality sign a petition asking for warble-fly control. On receipt of this petition the township council shall pass a by-law requiring all cattle within the municipality to be treated for warble fly. The Ontario Government shall make a grant to reimburse the municipality of 50% of the inspectors' salary and travelling expenses and the cost of derris powder. The charge to the farmer would be around 15 cents per animal per treatment.

The Whitchurch Township Federation of Agriculture is sponsoring this warble-fly control project. The Township Federation feel that the farm people of Whitchurch should make more use of this organization. With the British market closed to most Canadian farm produce and a high tariff party coming into power in the U.S.A., it would seem our only market is our domestic market. It is estimated that with the exception of grain, our home market would consume all our farm produce. In order to insure a constant supply and not over produce, it may become necessary to have a quota system for farm produce.

IN MEMORIAM

CAMERON—In loving memory of my dear husband and father, Norman Cameron, who passed away December 25, 1946. 'Tis not the tears that are shed at the time, But tell of the hearts that are torn.

But the bitter tears in the after year And in loneliness silently borne. A silent thought, a secret tear, Keeps his memory ever dear; Time takes away the edge of grief But memory turns back every leaf.

Sadly missed and ever remembered by wife Elma, daughter Mac, and son-in-law Charlie.

FOSTER—In loving memory of a dear husband and father, Charles Henry Foster, who passed away December 15, 1945. There's a road we call remembrance, Where thoughts and wishes meet; We take this road in thought today, Dearest still as the years depart. Your memory lives within all our hearts.

With tender love and deep regret, We who loved you will never forget. So sadly missed and ever remembered by wife and family.

LEPARD—In loving memory of our dear father, George Lepard, who passed away January 4, 1943, and our dear mother, Ethel Lepard, who passed away December 25, 1948. Their memory is our keepsake, With which we'll never part; God has them in his keeping, We have them in our hearts. Ever remembered by Georgina and family.

MORRIS—In loving memory of our dear mother, Mrs. Lillian Morris, who passed away December 28, 1950. In our hearts your memory lingers, Sweetly tender fond and true, There is not a day dear mother, That we do not think of you. No one knows how much we miss you.

No one knows the bitter pain We have suffered since we lost you. Life has never been the same. Sadly missed but lovingly remembered by daughter Lottie and grandson Rodger.

NEWTON—In loving memory of my dear mother, Phoebe Newton, who passed away two years ago December 31, 1950. You left me beautiful memories, Often silent tears, But you will always be with me, As I journey through the years. You are always in my mind.

No matter what I do, All the time within my heart There is a thought of you. Never for a moment Are you very far away. Absent yet near you seem But dearer every day. Loved and deeply missed each day by daughter Rose.

NEWTON—In loving memory of a dear mother, Phoebe Newton, who passed away December 31, 1950. She has taken her last journey In God's beautiful shop called Rest. Away from this world of sorrow To a home of eternal rest. Words cannot say how we loved her, Deep in our hearts there's a pain; God alone knows how we miss her, As we wander along life's lane. But a voice seems gently calling, Dear one he good and true. At the end of life's battles 'I'll be watching and waiting for you. Lovingly remembered by son Reg. and Elva.

NEWTON—In loving memory of a dear wife, Phoebe Newton, who passed away December 31, 1950. There is a little lane I wander down. 'Tis takes me back to you, Here and there are memories. Of the things we used to do. I will never forget you, 'There will always be, For you in my heart a little room Of which you will keep the key. 'Tis life and that is why. Memories always last, A part of all our happiness Is taken from the past. Loved and remembered always, husband Jim.

NEWTON—In loving memory of my dear grandmother, Phoebe Newton, who passed away December 31, 1950. My thoughts of you will always be, The wonderful Grammy you were to me, Cheerful and loving, good and kind, A beautiful memory you left behind. Ever remembered by Granddaughter Phyllis.

SWEET—In loving memory of a dear father who passed away January 1, 1952. We cannot find the purpose see, But all is well that's done by thee. Remembered by son Clifford and family.

WOODRUFF—In memory of Thomas Edward Woodruff, who passed away January 6, 1951. Two years have passed, dear Tommy, Since you were called away; How well do I remember,

That sad and weary day, Sadly missed by wife and family.

Bob Walker Is New President
Early in January the installation of officials of King Legion, Branch 433, will be held when Bob Walker will be invested as the new president; Joseph McGrath, the retiring president, as secretary-treasurer; Jack Jones, first vice-pres.; William Murray, second vice-pres.; and A. E. Campbell, Fred Judges, Hugh Lockhart, the executive committee. Gordon Smith, is sgt.-at-arms; Russell Shipley and Fred Judges, color bearers.

H. A. Phelps will continue as chairman of the poppy fund. D. M. Findlay and Comrade Phelps are branch representatives of the zone. Work on the Legion's new club rooms on Dew St. is to go ahead when it is expected that the outside shell will be finished by the end of December.

Jack Jones, building contractor, and the building committee have authorized to proceed with necessary steps to shape up the hall so that inside work can be applied during the winter months. President Bob Walker is interested in completing the building which will be residential in appearance, having two picture windows, with insul brick siding.

This week power saws were getting lumber ready and no delay is anticipated.

Chimes Inspire Worshippers
The peeling of the newly installed chimes from All Saints' Anglican church is an inspiration at the Christmas season, as the carols ring out for a distance of five miles. They can be played from the pipe organ or can be used with records, as the occasion demands. The lighted evergreen tree on the church lawn emphasized the Christmas season. The chimes called the worshippers to the Christmas eve service, when the rector, Rev. D. C. H. Mitchell, delivered a Christmas message in the glow of white candles, set amidst greenery that decorated the church.

The service at King United church on Dec. 21 was a composition of carol singing and a special message by the minister, Rev. M. H. Jenkinson, when the colored lights on the Christmas tree gave splendid effect. Numbers were sung by a mixed quartette, Mrs. Adam Davidson, Mrs. John Dew, John Dew and Jack Parsons. The choir rendered special anthems, under the direction of the organist, Mrs. Ewart Patton. After the service, Mrs. Patton entertained the choir at her home.

Has 82nd Birthday
Miss Alice Ferguson had her 82nd birthday on Saturday, Dec. 20, but under rather unfavorable circumstances. She became ill that day and had to summon a doctor. Miss Ferguson has always been so hearty and active and her friends are very sorry to see her indisposed. On the previous day to her bad spell, she spoke to the little children who attend Mrs. B. G. Jackson's kindergarten class, when a Christmas party was held. She is the village's story lady, and brought a special treat for the little folk.

Yuletide Family Gatherings
At the home of Mr. and Mrs. Harry McBride for Christmas was a cousin, Mrs. Ruby Gillham, and Mr. Harold Nebriek of Buffalo, Miss Grace White of Toronto and the daughters, Lois McBride of McDonald College, Guelph, and Mary McBride.

Mr. and Mrs. Jim Gillham, married on Dec. 20, were part of the family gathering at the home of Mr. and Mrs. Harold Hollinshead, a sister of the bride who was Elizabeth Douglas. Also in the party was the mother, Mrs. Fred Douglas, and son Murray, and Mr. and Mrs. A. Sanderson of Toronto, the latter a sister of Mrs. Hollinshead. The Gillhams are back from their honeymoon trip in the United States and are making their home at Brampton.

Mr. and Mrs. Archie Campbell and Kay were with the Nobles at King City on Dec. 25, while the Aubrey Campbells entertained her sister, Isabel, and husband, Chris Hawkins, of Toronto.

Mr. Albert Richards of Kinghorn is enjoying festivities at Detroit at the home of Mr. and Mrs. Frank McKay. He went by bus and intends to stay for a few days.

Mr. and Mrs. Norman Bradbury and two children, St. Catharines, came to the home of Bruce Rawlings on Wednesday and are remaining over until the weekend.

The Burns family of Kinghorn and Mr. and Mrs. Jim Wells of Toronto spent the day with Mr. and Mrs. Fred Curtis.

Miss Dorothy Armstrong and her friend, Miss Bessie Halbert of Toronto, are in Florida at St. Petersburg, where they are the guests of Miss Halbert's uncle.

Mr. and Mrs. J. L. Grew entertained Mr. and Mrs. Sydney Hardcastle of Ottawa, with whom they have spent Christmas for the past 12 years. The friends remained for a few days.

At the home of Mr. and Mrs. John Dinnick, Eversley, were the mother, Mrs. Louise Dinnick, the John Belknap family, the Wilfred Dinnick family of Yonge St.

Miss Eliza Fisher was a Christmas day visitor of her friend, Mrs. E. M. Wells, Toronto.

Miss Carol Norrad, Eversley, is spending Christmas vacation at her home in Bolesworth, N.B. Miss Betty Clapp, principal of Strange school, is at the home of her parents,

Mr. and Mrs. George Climpson, Baldwin, Miss Eva Dennis, principal of King school, joined her family at St. Thomas, and Miss Doris Patton left at the closing of school for a tour of Florida. Mr. and Mrs. Charles Howitt, former school inspector of King township, is on an extended vacation in Florida.

Dr. J. T. Phair and Mrs. Phair, E. B. Phair's, Dr. Bill Phair and the Drinkwater family were Christmas guests of Mr. and Mrs. Ryland New of Oakville.

As Christmas remembrances, King legion ladies' auxiliary sent flowers to war veteran George Bainbridge, who is in Sunnybrook hospital again and presented flowers to Mr. Arthur Green, who is convalescing from a long illness at his apartment. Mr. and Mrs. Green were joined by their daughter and husband, Mr. and Mrs. Bob Kemp, Niagara Falls, and their son, Robbie, for Christmas and will have them with them again for New Year's.

President of W.A.
Succeeding Mrs. Raymond Burt, Mrs. Alfred Gillham, Strange, has been elected president of All Saints' W.A. of which Mrs. G. D. Lockhart is honorary president. When the nominating committee presented the slate of officers at a meeting held at the home of Mrs. Gordon Wells, on Dec. 18, the list was accepted.

Other officers are, Mrs. Fred Monson, Vice Pres., replacing Mrs. Gillham; Mrs. Dan Rawlings, secretary and Mrs. Harry Cunningham, re-elected; Mrs. Len Robb, dorcas secretary; Mrs. Frank Gambrill, living message secretary; Mrs. H. H. Alexander and Mrs. Gordon Tetley, educational.

Mr. Peter Clark and daughter, Kay, attended the funeral of Mr. William J. Thompson, held at Mount Albert, Dec. 18, whose twin, Mrs. Edwin Abrams, Scott township, passed away a few weeks earlier. The Thompsons were neighbors of the Clark family of the sixth concession of Scott, as pioneer settlers.

Miss Una L. Kennedy, Niagara Falls, is spending the holiday season at the home of her niece, Mrs. Laura Roling.

Mrs. William Williams, Laskay, is pleased to state that her grandson, Keith, son of Mr. and Mrs. Harry Williams, Scarborough, was allowed to leave his room in the Brantford Sanatorium, and meet his parents to have Christmas dinner with them in that city.

Keith, who is 19, has been in hospital for a year and has been allowed two half-hour periods a day when he can sit up.

Miss Patricia Deane will go to Cookville telephone exchange on relief duty for a couple of weeks. She leaves Sunday evening and will have a boarding place there. She was at Maple exchange for a week.

Mrs. H. H. Alexander, 3rd line, has just returned by air from England and Scotland where she and her daughter, Betty, went by boat last August. It was many years since Mrs. Alexander had seen England, her birthplace, and members of her family. At Swindon, Wiltshire, where her people live, much of the countryside has been built up.

Mr. and Mrs. Alexander and daughter Mary, had a quiet Christmas at "The Pines", as Betty is remaining in Devonshire where she is attending school; L.A.C. Harry Alexander and Cpl. Peter Alexander are in Montreal, where Peter is with the Quebec Command.

Presentation Of New Car
On Friday and Saturday evenings, January 9 and 10, Mr. W. W. Drinkwater of the Bill Drinkwater Motors will be host at Open House, when the formal presentation of the new Chevrolet Bel-Air, four-door sedan will be made at the spacious garage in King City. Commencing at 7:30 each evening, an invitation is extended to the community to participate in this unique feature, when response by hundreds of visitors is anticipated by Mr. Drinkwater, who is making extensive preparations for the event, which is the first of its kind in the village. The scene will be set in an attractive decorative arrangement. A public address system will carry the speeches to every corner of the establishment. Modernization of the garage by an annex and new office space will provide ample room for everyone. Refreshments will be served by the W.A. of King City United church, convened by Mrs. I. L. Scott. Lucky draws will be made on both nights.

Yuletide Treat
A parcel of jams, jellies and other goodies as well as \$11 worth of fresh fruits were presented by Eversley Presbyterian W.A. and the W.M.S. to the old folk of York County Home during the Christmas season.

The W.M.S. meeting was held at the home of Mrs. Jas. Ball, Dec. 10, when two young girls contributed to the program. Carolyn Shropshire and Judith Armstrong sang, "Little Children Do You Know", accompanied by Mrs. Shropshire. Judith played the piano for Carolyn when she sang, "Away In A Manger". The January meeting of the society will be held on the 21st of the month, when Miss Alice Ferguson will be hostess at the home of Miss Jessie Gellatly. The committee

appointed to arrange the 1953 program is Mrs. Watson Ferguson, Mrs. H. Neill, Mrs. R. Farren, Mrs. Jas. Ball, Mrs. T. L. Williams and Mrs. Jno. Phillips. Membership fees will be due at that time.

Mrs. T. L. Williams poured tea for a reception, held at the home of her sister-in-law, Mrs. Gordon Sinclair, Sudan Ave., Toronto, when Mrs. Sinclair's mother, Mrs. Sarah Badger, celebrated her 80th birthday, on Sunday afternoon and evening, Dec. 21. Mrs. Badger is Mrs. Williams' aunt, and is a sister of Mr. James Patton of King City.

King City Lions held ladies' night at Ridge Inn on Tuesday evening, Dec. 16, with 41 partaking dinner. Afterward many remained for bridge and euchre. President John Dew was master of ceremonies.

The Yuletide entertainment, given by the pupils of Strange school on Dec. 16, was very successful. The children performed well in singing, recitation and a comic dress play. It was Miss Betty Climpson's first experience in conducting a school concert and to direct 43 students was no easy task. Marvin Hunter, secretary of S.S. 4 was chairman. Rev. D. C. Witherspoon, King City, who conducts religious instruction in the school weekly, spoke highly of the teacher's work and the conduct of the children. The classroom was filled to capacity and Santa made his annual visit.

New Tenders

Application for tenders to operate King rural mail route 3, will be closed on January 2, 1953. The federal government called for a second tender in this connection when tenders submitted on a previous occasion did not meet with approval by the postal department. After the retirement of Mr. Frank Gambrill in September, Mr. Bob O'Reilly took a temporary contract. He was followed by Mr. Harold O'Brien who is carrying on in a temporary capacity. Mr. O'Brien can submit his tender if he so desires.

New Classroom in S. S. 13

A loan of \$7,500 has been granted to S. S. 13, by King City council to erect a portable classroom as an addition to the one-room school. The allowance is taken from the township's common school fund and will run for a period of 10 years. The section will be required to pay back some \$800 annually to include principal and interest. By using this system, the expenditure of selling debentures is eliminated and the township's schools benefit financially from the interest accrued, the reserve explained. Returns to 26 school sections are based on average attendance. In instances where large debentures are not required for school improvements, the common school fund, or the old clergy reserve fund is accessible for loans.

Work on the new room commenced last week and with weather permitting it is expected to be ready for the re-opening of school in the new year. The school population is over 50. Mrs. George Edwards has been assisting the principal, Robert Meridith, staggering the classes in two shifts, 9-12 noon, and 12:30 to 4:30 p.m. Mrs. Edwards will teach grades 1, 2 and 3 in the new room.

Reduction in Mill Rate

There is a likelihood that the trustee mill rate on S. S. 2 King township can be reduced by three mills or more in 1953. This was disclosed when the financial report for 1952 was presented to ratepayers at the annual meeting at King City school on Dec. 17.

The reduction is seen from a legislative grant of \$1,245 on the principal and interest payment of the school debenture. Trustee Keens said it was expected that the grant would go to the township council which issued the \$30,000 debenture issue to finance a new classroom and renovations to the main part of the building.

The department of education paid about 54 percent grant of the amount paid toward the debenture. It is the first school grant the school section has received in this respect. A township official explains that the government has not always paid a debenture grant direct to school sections. The system was adopted recently for the direct benefit of school sections. But the department expects the grant to be spent wisely.

The total legislative grants for 1952 are \$4,774.31. The township tax levy and grants brought the section \$8,023.59, which includes a grant on teachers' salary and income from the clergy reserve fund. Total receipts, including the balance carried over from December 1951, were \$10,628.80.

It will be recalled that when ratepayers were asked to approve a debenture to enlarge the school, they were told by the chairman, Mr. Keens, that the first year was the costliest, that government grants on debenture payment would afterward reduce the mill rate. Mr. Keens has the satisfaction of seeing this come directly to the taxpayer. Unless some unforeseen expenditure arises, this can be put into effect, he states.

Plovers Hold Banquet

Norm Garlock, farm broadcaster on radio station C.B.L., was the guest speaker at the annual turkey banquet given by King and Vaughan Plover's Association on Dec. 12. Nearly 70 met in the Sunday school rooms at Kleinburg United church. Mr. Garlock told of

The Common Round...

By Isabel Ingles Colville
'Twas the night BEFORE NEW YEAR'S

I find each year that these verses give my New Year's wishes to the friends of this column. I wrote them just for that.

'Twas the night before New Year's
And all through the house
Every creature was stirring,
Yes, even the mouse.

No stockings were hung
In the chimney with care
For we knew old St. Nicholas
Wouldn't be there.

The children weren't nestled
All snug in their beds,
They were all out of doors
With their skates and their sleds.

Mama with her knitting
And I, with my book,
Had just settled down
In the warm inglenook.

When out on the lawn
There arose such a flutter
I sprang from my chair
And threw open the shutter.

The great moon was shining
As brightly as day
And there stood an angel
In shining array.

Right through the great window
So softly it came
Then hovered and watched us
With eyes like a flame.

Saying "What have you done
With the presents I gave,
The silver wrapped courage,
The love all men crave?"

The golden wrapped kindness
The gem studded faith,
Did you keep them or use them
All down through the year?

If so, my accounting
Should cause you no fear.
I looked at mama
And mama looked at me
And both looked as guilty
As we well could be.

With new eyes we gazed
Down the path we had come
And saw all the kindnesses
We might have done.

The swift words of comfort,
The calm words of hope,
The bright ray of faith
When sufferers grope.

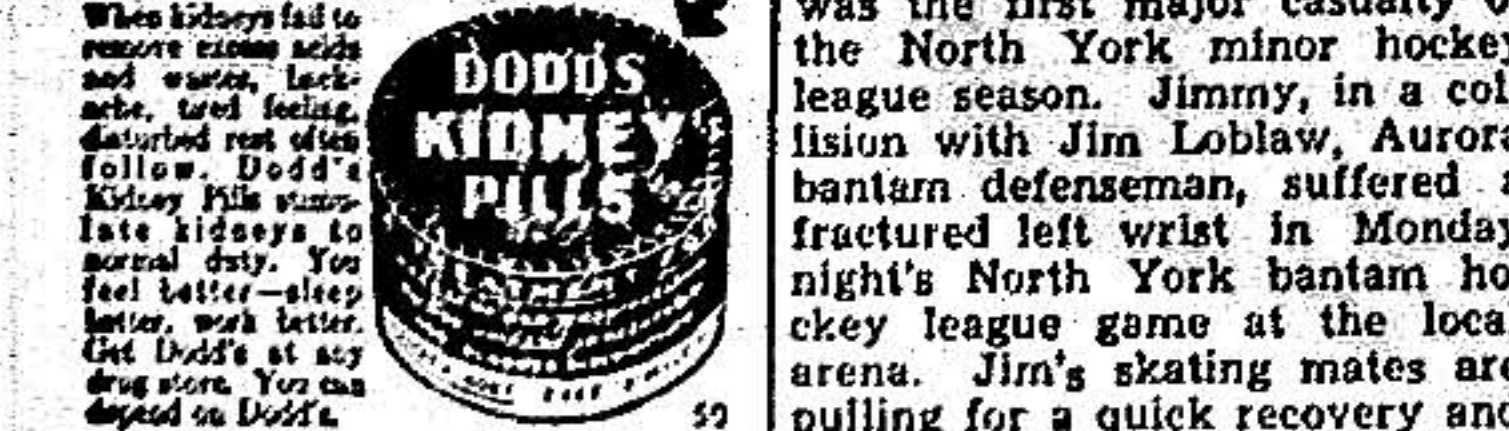

Mid shadows of sorrow
On dark paths of fear,
And we saw we had failed much
Within the past year.

Then said the angel,
"I'll give you once more
The keys which will open
My gifts as before."

So see that you use them—

MAKING BEST OF HOUSING SITUATION

This stork, too weak to fly south when the winter arrived in Germany, is making the best of housing problem by hibernating with a family of pigs in the village of Hillemeuehle. The big bird, caught by some boys who seemed to understand its predicament, eats 1½ pounds of fish a day.

IT'S A Woman's World

BY CAROLINE ION

English pantomime made its initial appearance on the Newmarket stage on Boxing day when the Newmarket Dramatic Club, in collaboration with the Betty Gordon Dancing club presented the fairytale, "Jack and the Beanstalk". Three performances were given.

True to the traditions of pantomime, a long-legged girl, Laura Styke played the Principal Boy, Jack, and a man, Mike McMorrow, was the Dame, the stocky but coy. Widow Twankey. Lovely costumes, colorful settings, music, song and dance routines, combined with new lighting effects to make it an evening of fun for actors and audience.

Casting was ably handled with possibly one exception. One character, Odorous Egg (the bailiff's sister), was supposed to be a scrawny, unattractive female who was having difficulty in interesting Jack, or any man, in matrimony. Cast in that role was Fern Russell.

Even when acting as a shrew, she looked charming. More than one male in the audience was heard to comment, "Can't see why any of them would need to be coaxed to marry her," or "Where are your eyes, boy? Grab her."

But how can we talk about "Jack and the Beanstalk" without mentioning Clarabelle? For those who unfortunately missed the pantomime presentation, we add that Clarabelle was the cow. (Remember the one he sold for a bag of beans?) Now, Clarabelle may not have won any awards at the Royal Winter Fair, but for our money she was excellent.

Two light-footed young dancers, Peggy O'Halloran and Wanda Hill, as Clarabelle, delighted the audience with a comic tap routine. Even in making her exit, Clarabelle drew applause. She must have taken a few rhumba lessons while attending Betty Gordon's dancing classes. There could be no other explanation for those rhythmic shakes as she retreated behind the curtain.

Another animal in the cast which deserves mention was the "Hen that laid the golden egg". It cackled with infinite satisfaction and rightly so for not since Easter time have we seen such an egg. It must have been a connoisseur of chicks who created such a fine bird.

The beanstalk, have you mentioned it, as yet? With the sturdiness of a telephone pole, it bore the weight of various members of the cast as they mounted it to reach the castle of the Giant. Snufflegobbler (Nick Styke to his associates). Many a blow was required before Jack could fell the mighty beanstalk and bring the terrible giant to his doom. (Of course, we really didn't see the giant "being brought to his doom". But we did witness one of his enormous boots flying down, so he must have been "done in, proper-like".)

Jill, the giant's servant maid, was transformed into a radiant beautiful princess, when true to all fairy tales, the story ended with everyone "living happily ever after". Pat Dunn was Jack's pretty Jill. Her clear, sweet voice was in character with her role when, as the romantic female lead in the play, she sang several solos.

John Quinsey presented his second successful characterization in as many appearances behind the footlights. His spring-halt gait convulsed his audiences. The perfect counterpart was provided by young Wayne Wench as the bumptious Mr. Chips.

Coupled with this cast, members of the Dramatic club, were about two dozen young dancers, pupils of Betty Gordon. Eight small types, soft-shoe ballerinas, were the dainty fairies. Older girls entertained in song and dance as school children and vil-

News Of The W.I.

News for this column must be in the office Monday night. Copy must be written as briefly as possible and confined to news and reports. Other than routine reports and announcements will be printed separately.

The December meeting of Zephyr branch was held in the hall on Wednesday afternoon, Dec. 17, with 15 members answering roll call, a shower for shut-ins. Two visitors were present. Christmas carols were sung. Ten dollars was sent to the Sick Children's hospital annual appeal. It was also decided to purchase 50 chairs for the hall. Next month's meeting being the annual men's night, the executive was left in charge of the evening's entertainment.

Mrs. E. Walker and Mrs. M. McNelly were new members elected to the hall board.

A short Christmas program was followed by a social half hour. The boxes for shut-ins were packed and delivered.

Union Street branch will meet at the home of Mrs. David English on Thursday, Jan. 8, at 2 p.m. Motto, "The only way you can preserve our heritage is to build upon it." Reply, Mrs. Irvine Ross. Roll call, an old landmark of the district. Topic, historical research and current events. Program committee, Mrs. W. Micks, Mrs. L. Johnston, Mrs. S. Shanks, Hostesses, Miss Violet Micks, Mrs. C. Hodgson, Mrs. D. Greenwood, Mrs. E. Breen.

The 1952 closing meeting of Lakeside branch was held at the home of Mrs. P. Mahony, with a good representation of members. Business was efficiently handled by the president, Mrs. A. Pollock. A quantity of cookies was brought in for the sale.

At the opening of the program The First Nowell was sung. Mrs. Agar told two beautiful Christmas stories in her able manner, a spiritual uplift to all. During the following social program a sale of surprise packages took place.

Delightful refreshments were served by Mrs. W. Prosser and Mrs. D. McGonerty.

The Mount Albert W.I. will meet at the Community hall, on Thursday, Jan. 8, at 8 p.m. The roll call "My Favorite Kitchen Gadget and Display It". The program committee consists of Mrs. G. Braderick and Mrs. E. Crozier. This is an open meeting and the men are invited. Capt. Lawrence will be the guest speaker and the subject is "The Atomic Bomb". Everyone is welcome.

The Sharon W.I. will meet at the home of Mrs. E. Fry, on Wednesday, Jan. 7, at 2:30 p.m. Roll call "An Incident of Pioneer Days". Historical research, Mrs. C. Holmes; current events, Mrs. K. Shaw; refreshments Mrs. W. Oster, Mrs. L. Weddel and Mrs. E. Kiteley.

Spits Tumbled By Builders

Chasing a hat down a street on a windy day can give one a ridiculous, frustrating feeling. That's about the same feeling Newmarket Spitfires are experiencing this week. Spits moved into Collingwood Saturday night after a week's rest, primed, ready and determined to take a fall out of Eddie Bush's fast-moving Shipbuilders.

What happened, well, before the evening was over Spits were chasing their hats, the Shipbuilders and a 7-5 loss. That incidentally was the same score by which the Builders nipped the Spits here in their first meeting of the season.

For 48 minutes Spits' deter-

mination looked to have them set up for a win over the Bushmen. For up to the eight minute mark of the third, Spits led the Builders 4-3. To get that lead the Spits had to dig hard from behind a 3-1 middle of the second period deficit. Then the Spits' determination hit a snag. They drew two penalties in quick succession. While short-handed, Collingwood saw their opportunity and caught fire for four goals in four minutes. Result, a Spitfire 4-3 lead changed into a 7-4 deficit and it was a gone game for the Morrisonmen.

The line of Don Smith, Bill Johnston and Grant Firth spearheaded with four of the five goals. Don Smith made his mark with two and it was one each for his line-mate helpers. Spits' fifth and final goal came in the sixteenth minute, after Collingwood were 7-4 leaders, produced by Fred Houghton, Myles McInnis setting up the play. Defensesmen Ken Broughton and Jack Andrews and winger Grant Winters didn't get in on the goal scoring act but did draw assists in the Spits' cause.

THE Calvert SPORTS COLUMN

by Elmer Ferguson

If I could re-roll the film of 1952, these are some of the things I'd like to see:

Terry Sawchuk in the Detroit Red Wings nets, playing any one of those incomparable shut-out games in the Stanley Cup series; Sugar Jim Henry, the Boston Bruin goater, making his last gallant stand against the Canadiens in the Cup series, with his nose broken, his eyelids mere slits that had been carefully pried open before the game; Rocket Richard scoring goal No. 325 for a new National League record, unaware that his final shunt had sent the puck rolling in, turning deathly pale and almost fainting when he realized that the long strain, lasting five games, had ended at last.

Rod Smylie, making the 25 yard run after taking a 36-yard pass to snatch victory for Toronto Argonauts over Hamilton Ticks in the dying moments of the third playoff game to decide the Interprovincial football title; any of the races in which the great grey colt Native Dancer, 2-year-old champion of the year, spread-eagled his field; the fantastic ending to the Ray Robinson-Joejoe Maxim fight, when Robinson, out-weighted, collapsed from the fearful heat and his own exertions.

Emil Zatopek, grimacing and shadow-boxing his way to three Olympic triumphs on cinder-path and road, stamping him the greatest distance runner of our time; coach Casey Stengel of the champion Yankees juggling to make those amazing pitcher changes, in the last game of the world baseball series; Joe Black, tall, smiling, soft-spoken Negro pitcher starting the opening game of the series and winning it.

Big Jean Beliveau, giant Quebec Ace, and most-sought amateur by professional clubs, cranking up for one of his great free-wheeling rushes, then roaring along to score as the Quebecers blazed their trail to the Alexander Trophy; Milt Schmidt of Boston Bruins, one of the greatest of modern ice stars, whistling home goal No. 200, the night of March 18, and Bobby Bauer, of the immortal Boston Kraut line of Schmidt-Dumart-Bauer, returning for one glorious night in the Big Time, to score a goal; George Genevieve, a 17-year-old trap-shooting star from Saskatoon, with ice-water in his veins, winning for Canada its only gold medal at the Olympic games against the best shots in world.

And the film of 1952 wouldn't be complete unless you were sitting on the 50-yard line when Edmonton Eskimos overcame a 19-point deficit and went on to eliminate Calgary Stampede in the western football race; and a week later, after losing the opener of the two-of-three final right in Edmonton to Winnipeg, took the final game to the amazement of everybody except Frankie Filchock, who called the shots all along.

What a film all that would be. I'd like to see it and so would everybody else.

Your comments and suggestions for this column will be welcomed by Elmer Ferguson, c/o Calvert House, 431 Yonge St., Toronto.

STRIKES AND SPARES

The bowling boys and gals who regularly spill the pins at Joe Smith's and the North End alleys are taking life easy during the Christmas - New Year's holiday rush. Your strikes and spares columnist has this one wish for the bowlers in 1953, "May your best score in '52 be your worst in 1953". Happy New Year.

A note from the Thursday night ladies' league. Myrtle Dunn led the scoring with 662. Other scorers over 500 were Ede Hall 556, Faye Struthers 551, Vi Dales 540, Jean Scott 538, Olive Hughes 536, Helen Tomlinson 523, Ella Wilkins 503, Lorna Syke 502.

Hoffman league marksmen flashed a big scoring week in their bid for Christmas dinner. Bob LeShien topped the scoring with 768 (289-216-263). Other high ranking shotmakers were Keith Davis 700, Ivan Rudcock 696, Dan Gill 653, Jack Gleason 644, Alan Daniels 644, Geo. Hill 637, Roy Smalley 605.

Turkey winners were Dan Gill, Vorelone; Jack Gleason, Sheet Metal; Keith Davis, Machine Shop; Bob LeShien, Press Shop; Geo. Hill, Harry Hodge, Harry Fowler, Don Brown, Alan Daniels, members of Vorelone team won the chickens. Al Bryson won the hidden single prize and Frank Daniels won the hidden triple score award.

NORTH YORK HOCKEY MEET

Gord Hare, Keswick's super sportsman, has a bit of New Year's cheer for all the teams interested in a North York ladies' hockey league. Gord reports there will be a meeting to organize the North York Ladies hockey league in the Keswick arena, Friday, Jan. 2, at 8.30 p.m.

Each and every team interested in entering is asked to have a representative present. Special invitation is extended to Queensville, Mount Albert, Kettleby, Woodville, Newmarket and Aurora.

SPITS AT HOME JAN. 3

Newmarket Spitfires' next official home appearance in Big Eight Intermediate A O.H.A. action will be Thursday, Jan. 3. Visitors on that occasion will be Milton Co-Ops. Spitfire executive were advised last week that Midland Flyers had dropped from the Big Eight race. That advice saved the Spits a trip to Midland Dec. 23 but has left them with a couple of open Thursday nights on the schedule.

Although it's not official, there's also a rumor that Fergus Big Eight basement dwellers have tossed in the sponge for this season.

RESUME JAN. 6

Newmarket and District hockeyists and their Aurora Town League opposites, after taking a week off to recover from the Christmas festivities, will spring back to action stations next Tuesday, Jan. 6.

In the N. & D.H.L. action in the Newmarket arena at 8 p.m., Vandorf will cross war clubs with Kettleby, and at 9.30 Town Regents will have a go at Mount Albert in what promises to be the prize game of the early 1953 season.

In the Aurora league at 7 p.m. York Rangers vs Flyers; 9 p.m., Ditch Diggers vs Chappie's Aces.

WINS MONEY DOLL

Alvin Rogers, 67 Timothy St. W., Newmarket, was the winner of the money doll raffled by the Newmarket Ladies hockey club. Draw was made at last Tuesday's town league hockey games.

Down The Centre

BY AD HULSE

New Year's musts include for Aurora a successful floodlight campaign and a junior C hockey championship; for Newmarket, Intermediate B baseball championship and P.S.W.U. crown for Charlie VanZant, plus at least a group championship for the Spits; for Schomberg, a bantam hockey flag for Doug Marchant's youngsters; for Bradford, the intermediate lacrosse crown; for Richmond Hill, artificial ice; for Woodbridge a revival of box-lacrosse, the most popular sport.

For Stouffville, another O. H. A. trophy for Bob Bangay's buckos; for Sutton, the Tri-County for the third straight, plus a successful venture into the O.B.A. playdowns; for Markham, the rural honors for Ernie Lawrie's Eagles and a softball championship to christen the new ball park appropriately; for Keswick at least one or two minor hockey cups;

For Nobleton, the junior D championship; for King a rural softball title for Bruce Hall and all the lads. Remember these are only wishful thoughts right now and not predictions as that not-so-bad to all of us Greybeard, Old Man '52 makes way for the rosy-cheeked cherub, Kid '53. Happy New Year!

Midland Shamrocks will open the New Year season of hockey at Aurora and with two straight losses to Owen Sound 10-2 and 7-4 staring them in the eye, the Aurora Bears will be all out for a win to regain the group leadership, now resident in Collingwood. The race promises to be a hot one as Owen Sound is now plenty potent and the 'Rocks are coming too.

Albert Sweeney, up from mid-get, played the nets on Friday against the Sound and did a fair chore. He looked a little nervous in the first period and then settled away nicely. All four clubs have used two goalies in the schedule and all four clubs are well protected in the nets. The insurance of Sweeney for Burke plugs a gap in the Aurora question mark. The kid will definitely do. Several of the Bears had better pull up their 'ox or some of the juveniles will be moved up and new faces sought.

Might as well mention that Bill Smith, George Dempsey, Pepper Martin and Bob Hanna have not hit their best, or are playing in-and-out hockey. The quartette can do better, but when will they break out? The younger players have more than made good so far, and Smith with two years in junior B, should be outstanding in the group. Both Smith and Martin have not been able to score their quota of goals.

Hush my mouth, but entries for minor hockey closed at the weekend and as of Saturday, no listings had been received for Aurora, Newmarket, Sutton and Richmond Hill clubs. It's probably an oversight, or the mail went astray, but we can remember some embarrassing moments, like last season's baseball entry for Aurora, which was made too late. The count as of the weekend was: Juvenile series, Bolton, Bradford, Keswick, Little Britain, Woodbridge, in "D" and Stouffville in "C"; Midget, Beeton, Alliston, Bolton, Bradford, Keswick, Nobleton, Woodbridge, Bantam, Bolton, Cannington, Keswick, Port Perry, Schomberg. Sorry to see Unionville and Markham missing from the list. Special orchids to the lads at Keswick, Bolton and Woodbridge for their efforts on behalf of the kids.

Sunny Rowntree, talented puck-chasing son of Charlie "Aurora Bears" Rowntree, who was one of Bradford's best boxers last season, is playing fine hockey for Yank Boyd's Saraceni club in the West Toronto mercantile this year. Ron O'Hearn, who was with Aurora Bears in '51, is likewise doing well with C.N.R. in the New Toronto Commercial group.

Quite a team could be formed from ex-North Yorkers performing in the Toronto mercantile groups; Herbie Cain, Orville Thoms and Bill Grant are with Mahers; Scotty Mair coaches Avros, Eddie Williams, Ron O'Hearn, Freddie Fogelman, Wally Wolochiatuk, former Aurora Bears, are available; Moe Galand, Earl Robertson, Vic Slue, Norm Gray, Bruce Forgie, Howard Forgie, Chink Clements and Vic Saville, all former Markham Millionaires or Stouffville Clippers, are in shape as is Benny Harris, formerly of Sutton Greenhirts.

The withdrawal of Midland from the O.H.A. Intermediate series is something that deserves some serious consideration for the future. As it stands, Collingwood and Spits are the only two intermediate "A" entries in the north section. Both will therefore automatically be in the playoffs. Both too, will have two open dates because of the change in schedule. Before a club enters the O.H.A., a substantial bond should be posted for the maintenance of obligations and a strict supervision of playing rosters and comparative strength made of the teams.

It is quite possible that both Collingwood and Newmarket might have made other group arrangements if it had been anticipated that Midland would fall by the wayside. It is equally unfair on Midland players who might have made other arrangements for the season.

Orillia could have used one or two players like Clarence "The Cat" Gagnon, salubrious goalie, Fat Swales, ex-Aurora Indian, Harry Morrison, Bun Deschamps and that old favorite, Mutt Collings are deserving of a better break. Orillia incidentally, look much better in senior B now with the addition of Jack Drew, ex-Hamilton Tigers at centre ice, one of their two late-season imports. Drew played with Atlantic City last season.

Stouffville Clippers are finding the going a little rougher than expected in the Big Six senior B group as are Peterborough, Belleville and Orillia. Look for the Clippers to take on some playing strength soon.

Horace Kendall, coach of St. Andrew's College basketballers, volunteers the info that he has one of his better teams in action and that the Prep. school crown for '53 should rest with the red and white. Kendall can floor one team that averages over six feet, two inches in height, while their scoring record prior to the holidays was impressive. In one game against Tracy Barringer's Aurora club, the Andreans had a three figure margin on the play.

John Stuart is sojourning in Florida these days and the former Aurora boy will probably purchase a nag or two at Tropical Park, despite pre-Christmas resolutions. Joint McComb was in eighth place in senior scoring as the year came to a close, being third in actual goals scored but down in the assist department. Looked like a pro hockey list, with Ferguson, Tommy Burlington, Buck Forslund, Joe Carbeth, Hnatuk, Harry Dick and McComb all ex-American leaguers in the first twelve.

Good luck to likeable Eddie Fitkin, ex-Maple Leaf Gardens public relations impresario who takes over the C.J.B.C. sports broadcasts, once occupied by Dave Price. The likeable Mr. Price who has the T.V. hot stove league and multifarious other interests now including the picture rights to the Grey Cup, will be missed, but Fitkin will prove a capable substitute. By the way, speaking of family resemblance, take a look at Price on Television and then drop back a few years and have a look at Councillor Dale King of Aurora. Mr. King is Price's nephew and the resemblance is more than somewhat.

Bill Jones, former Aurora-Newmarket athlete of the late 30's, is back again as coach of Newtonbrook hockey club who are entered in the T.H.L. junior series. Ted Anstett, once catcher for Richmond Hill softballers in the North York league and Joe Lannarelli who was the scoring star of Brampton Camp hockeyists in the '43 district O.H.A. season are playing senior B with Woodstock. Joe in addition coaches the Woodstock junior B club.

Ten years ago this month, Newmarket juniors were grouped with Whitby, Richmond Hill, Navy and Markham in a fast travelling junior C group. Let's see now, the Redmen had Red Palmateer, Joe Caradonna, Herman Easterhouse (Bradford), Hal Tunstead, Bob Elphinstone, Bill Jelley, Murray Jelley, Bob Smith, Angus McArthur, Gordon Pearson, Bill Hopper, Mike Thompson, Bill Anderson, Doug Case, Frankie Provost (Camp), Ken Broughton, Bruce Greig, Grant Blight.

Richmond Hill had, among others, Normie Stunden, Herbie Rose, Bill Mundell, Son Rowntree, Mickey Sutton, Whitey Jones, Ray Castator. Markham listed Carl Sellars, Boris Tipoff, Hal Gibson, Eddie Michniuk, quite a group with Markham winning out in a great finish for the '43 group laurels.

Harry Sutton, Aurora, is in his 20th straight year of hockey all played in Aurora and a good sincere effort put forth every time out. Ken Davie, Sutton and Mt. Albert, is probably the holder of the longest straight years of play in the district. If we recall rightly, Kenie has been going strong the past 25 years.

Belated congrats to Ellis Pringle new Georgia councillor, Syl Apps, new school trustee in Scarborough and Bob Bibby, Barrie, doing a repeat performance. Junior D grouping finds Alliston, Beeton, Nobleton and Orangeville as playmates, with Fergus, Georgetown, Elmira and Dixie in another section.

Regents And Vandorf Town League Victors

Winners in the Newmarket & District hockey league pre-Christmas dish at the arena were Vandorf and Newmarket Regents. Vandorf pulled a surprise to upset Mount Albert 7-1. Town Regents had to work hard to nip Kettleby 3-2. There's no getting around it — Kettleby Combines can't hold a lead. For the umpteenth time since they moved in to play in the N. & D.H.L. they were early leaders Tuesday over the Regents.

Goals by hustling Glen Murray and Jim Patton set them up with a 2-0 first period lead over the Oilmens. Regents were trailblazers mainly because John Weedon, Kettleby's activated netminder, refused to be beaten. Weedon was kicking out labelled shots in pro style. That state of affairs held up until the final minute of the second period.

Then with chief morale booster Mel Stickwood, Coach Father T. J. McCabe and assistant coach Hack Cain urging them on, Regents hit fast and furiously for two quick goals. At 14.05 Orville Thoms trapped a pass from Stan. Gibbons and it was 2-1; 22 seconds later Motts Thoms dropped in a shot to tie it 2-2. Normie Legge, making his first appearance, picked up an assist on Mottsie's goal and Orville Thoms was also a helpmate. Murray MacDonald earned the hero role for the Oilmens as he whacked in the game winner at 5.39 of the third with Cliff Gunn the aider.

Vandorf shattered the halo of invincibility that has hung over Murray Edgar's Mounties. Vandorf, erupting for three second and three third period scores, routed Mount Albert 7-1. It was the Mounties' second loss of the season and shaved their first place lead to a single game. A great goal-tending display by Tommy Hulme, a stout defensive job by Loring Doolittle, Andy Lloyd and Mike VanNostrand, made the Vandorf victory possible.

Loring Doolittle picked up two goals and an assist to spearhead Vandorf's attack. Andy Lloyd, Archie Forfar, Howie Timbers and Clem Ellas were Vandorf's other strikers. John Learoyd, with Skip Taylor assisting, spoiled Tommy Hulme's shutout notions in the Vandorf cage.

Schomberg And King Suffer Set-Backs

Schomberg and King City lost to their southern cousins, Kleinburg and Bolton in the 1952 close-up games in the King-Vaughan hockey loop Friday. Kleinburg hit for four first period goals to tumble Schomberg 7-2.

In the late game, Keith Skuce's two goals and Ted Derbyshire's single staked Bolton to a 3-2 win over Norm Taylor's King City Maroons. As a result of the games, Bolton increased their first place lead. Bolton is followed by Kleinburg, King City and Schomberg in that order in the league race.

Two goals apiece by Harry Lostchuk and Ken Hoyle paced Kleinburg's win over Schomberg. Bud Brown and Alex Cain fired third period goals for the Hastings-Breedon Schombergers. In the late game, Don Murray and Bob Hodgson were King City triggermen.

In last week's action, King City tripped Schomberg 5-3, while Bolton rolled to a 6-2 win over Kleinburg. Jim Patton's two first period scores gave King City a victory road start. Ted Rogers, John Richards and Doug Terry supplied King's clinching tallies. Murray Edwards slapped in a second period score and Bill Winters and Bud Brown were Schomberg's third period triggermen.

Ted Derbyshire's two and single sniping efforts by Harvey Wallace, John Irons, Jack Gibbons and Tommy Carberry built Bolton's win. Walt Bell and Harry Lostchuk connected for Kleinburg counters.

Midgets Win Over Aurora

Exploding their biggest show of scoring power of the season, Newmarket Optimists fired three second and three third period goals to rack up a 7-0 win over Bill Mundell's Aurora Legion in a North York midget hockey League exchange at Newmarket Friday. The win increased Newmarket's lead atop the league. The Lowell Waller coached Optimists now have run their skein of victories to five straight.

Earl Lothian, promising young hot shot hockeyist gave the Waller boys their start. Bill Cain, Norm Smart and Warren Townsley shifted into position to let fly second round counters. In the final Bob Wilson, Charlie McGulter and Don Thoms punched home Newmarket's concluding tallies.

Aurora Bears Lose First Home Game

Leaving the beefs and counterbeefs to fall where they may we have to impart the fearful tidings that Aurora Bears had their home winning skein snapped by Owen Sound Greys Friday.

While the Cross-Rowntree Clark Bears hibernated under the influence of Christmas stuffings Saunders chucked in four goals in the first 12 minutes and that led directly to the Bears taking a 7-4 licking. Trailing 4-0 the Bears hit the score-sheet at 17.03 of the first. Bob Falls relayed his wingmate Bob Veale into a position for a corner pocket shot. Fraser Lemon, Saunders goal-mouth custodian, was the big stumbling block in the Bears path to get closer. Lemon grabbed off several labelled shots in the closing stages of the first and continued to rob the Bears in round two.

As it was the Bears settled for one goal in the middle session. Grant Edwards produced that one and Bobbs Cook was the assistant. These two were Aurora's best attackers. They worked again in cahoots in the early minutes of the third to bring the Bears back within one of a tie. This time it was Cooke on the shooting end. Score read 4-3 in favour of the Sound at this point.

Penalties will kill you they say and they did the Bears. At 3.40 Pepper Martin shuffled off to the sin bin for elbowing. While he was passing the time of day Saunders ran in two goals and it was all up with the Bears. Souped up scoring got rolling again in the last minute of action. Bev Byers completing his hat trick to boost the Sounders ahead 7-3. Pepper Martin and Bill Smith both long overdue in the scoring-assist column statistics combined for Aurora's fourth goal to shave the Sounders lead. That close tally came with just 11 seconds to go. Pepper Martin doing the actual shooting.

Albert Sweeney, making his initial appearance in the Bears cage suffered from rookie flitters in the first 12 minutes. After getting his sights adjusted Mr. Sweeney turned in a creditable job. Shots on goal showed the Bears outshooting Sounders 27 to 24.

HASHMAN AWARD

VanZant, Murray For '52

We're going to cover a lot of territory in this, our final 1953 Hashman award and Roxy Theatre pass selection. We're going to attempt to name the outstanding sportsman in both the Hub and Aurora in one big year-end splash. Both championships are at stake. Does that give you a clue? Hub nominee is Charlie VanZant. Peaches was a busy man coaching the senior ladies through to P.W.S.U. finals, was a stand-out performer with the Office Specialty town league championship crew and had much to do with the completion of the Fair Grounds floodlight project. Already Charlie is talking 1953 and has sights set on the completion of a diamond exclusively for baseball. Good show.

In Aurora when there's sport work to be done, they don't say let George do it, they say let Alderman Jimmy Murray do it. And they couldn't turn the job over to a better sportsman. Jim was headman of both the Aurora Softball and Hockey Leagues and is chairman of the Aurora Floodlight Committee, a body of sportsmen set on providing Aurora with a floodlighted softball field in 1953. Hope you'll give us a vote of confidence on our selections. In making the choice we must say we had to overlook a dozen or more chaps who put in hours and hours of work with our minor ball and hockey teams. Thank you gentlemen.

Here's to a Happy New Year to all from your Hashman selector and from Mr. Grant, Roxy Theatre manager and donor of the weekly pass.

Smoke Rings Edged By Aurora History

Newmarket Smoke Rings and Newmarket Optimists scored a twin-bill triumph in Woodbridge Saturday afternoon in a North York Bantam-Midget Hockey League double-header.

Last period goals by Bradley Walker and Lorne Babcock that broke a 2 all stalemate earned the Smoke Rings a 4-2 win over Woodbridge "Red and White" in the bantam contest. Francis Lewis and Brad Walker scored first and second period goals for the Smoke Rings.

Ken Ouderik and Ron Evans came through with Woodbridge's matching counters. Bridgers had to work hard for both tallies as Billy Cook, Frank Hollingsworth's on-the-beam puck stopper turned aside a mountain of rubber.

Lowell Waller's high flying Optimists unleashed another chapter of their vaunted scoring power to overpower Woodbridge 7-0 in the midget game. Don Thoms, with help from Don McKnight, gave Newmarket a 2-0 first period lead and the Optimists held the whip hand over the Bridgers from there on as Paul Hillaby had but six stops to make to get his second shut-out rating of the week.

Bill "Pocket Rocket" Forhan sniped two goals, Bob Wilson, Warren Townsley and Norm Smart singles to polish off the Optimists' scoring. It was the Waller's sixth straight win and gave them a wide margin atop the league.

COMETS POSTPONE OPENER

There's ice in the Keswick arena that was the good news that went out Sunday. The Comets, Keswick Tri-County Rural representatives, started practice sessions Monday on the home cushion. The weekend cold snap arrived just a day late. The Comets were supposed to open at home Saturday night with Ellis Pringle's Sutton platoon, the visiting opposition. Ice wasn't available Saturday so the game had to be postponed to a later date. It now looks as though Keswick fans will get their first home look at the 1952-53 Comet edition Tuesday, Jan. 6 with Little Britain on hand to provide the opposition.

There's but a day or two left before succumbing to the desire to make the shatterproof resolutions for 1953. Before taking these momentous steps it's customary in the sporting trade to select the outstanding events of the year and review in general what has been accomplished during the past year. In many ways '52 was good for sports and sportsmen. What was our biggest accomplishment?

Being at heart a 100 percent baseball man, return of intermediate rated tops on our books. Judging from fan attendance and first year results, resurgence of the big diamond sport was an outstanding success. Hack Cain, Ted Robinson, Geo. Hudson, Ernie Benitz and their working crew reached the South Simcoe League south division finals. It was the first time in over 15 years that the Hub appeared in the O.B.A. intermediate play-downs. They were ousted by Milton—and Milton went on to the Ontario finals. That was a good first year start. Another feature—a step in the right direction—was the formation of a North York Minor Baseball League.

Circuit included teams from Sutton, Mount Albert (their first time in baseball), Aurora, Newmarket, Oak Ridges and Richmond Hill. Thanks to work of minor sports enthusiasts, Mike Gillan, John Leary (Sutton), Joe Case (Mount), Bill Mundell, Fred Wilson (Aurora), Bob Russell (Oak Ridges), Grant Nightwonder, Dave Hart (Richmond Hill), Lowell Waller, Eddie Pitt, Ken Stephens, Frank Hollingsworth (Newmarket) league was off to a flying start.

In fact it was a good start towards formation of a permanent body to govern minor sports in North York. Late, as an off shoot of the baseball league, a 13-team North York Minor Hockey League has come into existence. Lake Simcoe Softball League finals which were concluded under our lights here—a very good stroke of business for the league and the floodlight committee—created the most sustained excitement of the year.

The Pine Orchard-Zephyr semi-finals that started out as a three-game set, ran into nine games and Ches. Lunney's Blues went on from there to take it all over Joe Case's Mounties. Your scribe's hex wasn't working by the way—over the protests of Ches. Lunney, Clark Arnold, Ron Kester and company, selected the Blues to win it all. Guess they'll start listening to us from now on.

High on the books in other diamond endeavors was the showing of our senior ladies' softball nine and our Optimists' bantam baseballers. Both teams reached the Ontario finals before succumbing to Midland and Simcoe respectively. It was a feather in cap of ladies' coach Charlie VanZant and Optimist Clubbers under Lowell Waller and Ken Stephens.

Now for a preview of Target 1953—top priority—completion of the Fair Grounds. There's a great deal of work to be accomplished there. Need for a hardball diamond—and Charlie VanZant reports it will be a reality in 1953—that's good news.

Swimming pool project that was humming along a year ago fizzed out—costs too high—there's talk of a Fairy Lake clean-up campaign. That's another item that should be tops on our priority list for 1953. If we can't swing the swimming pool then let's clean up Fairy Lake. It could be a natural beauty spot.

Harold Junior Stephenson, Diggers' scoring whizzer, blinked the red light four times to spark the Suttonmen but had to share the spotlight with Ken Wright who also got into the scoring act with a four goal effort.

Mickey Sutton, Earl MacDonald, Tracy Barrager and Charlie Sutton potted singles to complete the Diggers' fire power. Jimmy Hammond, Keith Smith and Bill Fitchkin were Rangers' scoring threesome.

Cliff Chapman has his Aces on the move upward in the league race. Thanks to two goal efforts by hustling Don Egan, bashing Harry Sutton, dashing Bill Patrick and a single successful sniping try by Ron Knowles Aces blanked short-stuffed Victory Flyers 7-0. Bob Harman grabbed handfuls of rubber out of the ozone to protect his shut-out bid.
